Moodle Resources	Canvas	Migrates	Notes
Book	No compatible tool	Yes	Migrated to a Canvas Module as individual HTML pages in the order they appear in the source.
Equella	External tools	No	All LTI content needs to be added manually to the Canvas site.
File	File	Yes	All files are located in the Canvas file manager.
Folder	No compatible tool	Yes	The folder appears as a HTML page in a Canvas module. The individual files appear as links on that page.
Label	Section heading	Yes	Appear as section headings in a module. Consider structuring labels in HTML pages if they are important or provide guidance to students.
Page	Page	Yes	Pages are imported into Modules that match their original location in Moodle Topics / Sections. Page are listed in alphabetical order in the pages section in Canvas.
URL	URL	Yes	You may need to adjust how the URL opens (new window or embedded - depending on your browser).
Moodle Activities	**Canvas**	**Migrates**	**Notes**
Assignment (general assignments NOT Turnitin assignments)	Assignment	Yes	Migrated to an Imported Assignments section. Rubrics won't migrate, they will need to be recreated in Canvas.
Certificate	Outcomes	No	
Chat	Chat	No	Needs to be enabled
Choice	No compatible tool	Yes	No compatible tool in Canvas. Is converted to a ungraded survey. Can't display results to students.
Database	No compatible tool	No	No compatible tool in Canvas. Considered user data.
External Tools	External Tools	No	All LTI tools need to be added separately in Canvas.
Feedback	No compatible tool	Yes	Feedback activities do migrate as a Quiz type ungraded survey. The responses need editing as they are imported as the options come across as 1 line.

Forums	Discussions	Yes	Imported as discussions.
Glossary	No compatible tool	No	No compatible tool in Canvas. Considered user data.
H5P	H5P (external tool)	No	H5P content embedded in HTML pages do come across. H5P content linked via the LTI doesn't migrate.
Lesson	No compatible tool	No	There is no compatible tool in Canvas. Content will need to be copied and pasted into several HTML pages.
Podcast	No compatible tool	No	
Quiz	Quiz	Yes	Needs Work. Quiz type needs to be changed from Practice to Graded. Question banks are imported, however, categories are imported as separate question banks. It might be worth organising questions banks in Moodle before migrating. Embedded media (pictures, videos etc) or Formulae encoded LaTeX will need manually updating.
SCORM Packages	SCORM	No	Upload directly into Canvas.
Survey	No compatible tool	No	There is no compatible tool in Canvas. Will need to be created in Canvas using the ungraded survey option for the quiz type.
Turnitin Assignments	Assignment	No	All LTI integration tools need to be added separately.
Wiki	No compatible tool	No	No compatible tool. It does create a page with the title of the Wiki. Permission to edit this page could be given to students to replicate a similar Wiki activity.
Workshop	No compatible tool	No	No compatible tool. Canvas assignments can be configured as peer review.
