# introduction

## purpose

The purpose of this report is to present the results of your employee survey. This report helps leaders and employees better understand the quality of current work practices that affect employee engagement, wellbeing and organisational performance. Based on this understanding, an action plan should be created to capitalise on strengths and address development areas.

## confidentiality

Reports are only produced when the minimum number of 5 people have fully completed their surveys. Individual rating scores from respondents are never shown in these reports.

## about voice project

Since 2002 Voice Project has given a voice to over 3 million people across more than 3000 organisations. Some of the benefits our clients have gained from acting on engagement survey feedback include: increased employee engagement, reduced employee turnover, process improvements, improved career planning processes, better performance appraisal and recognition systems, and improved services to customers.

# voice engagement model

Your organisation's survey is based on the Voice Engagement Model, which identifies the **drivers** of three organisational **outcomes**.

## outcomes

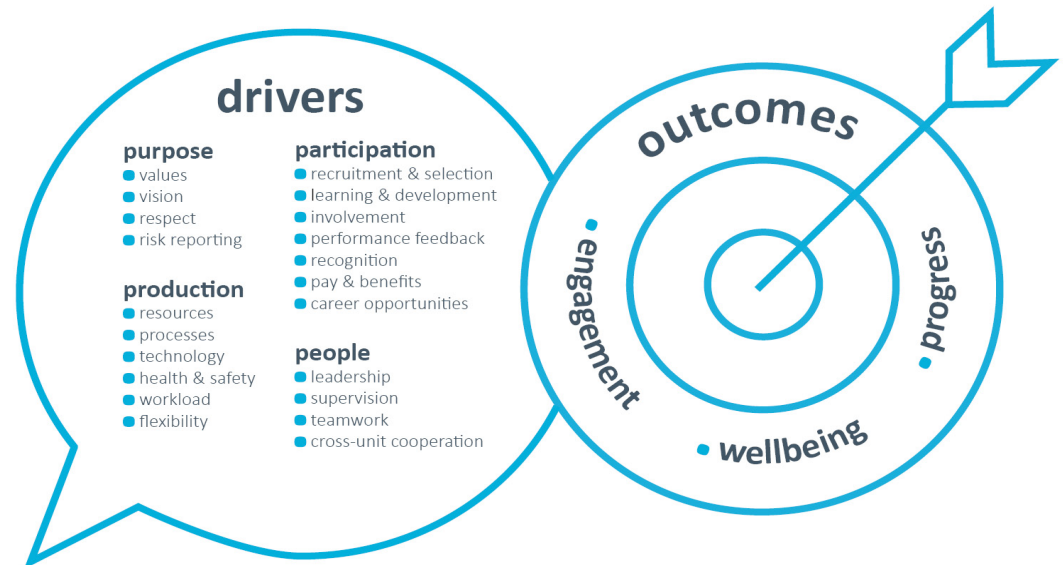

There are three main outcomes in this employee survey that are related to organisational performance:

- **Engagement** measures the overall job satisfaction of staff and their commitment to the organisation.
- **Wellbeing** measures the emotional wellness of staff at work, and their ability to successfully manage job stress.
- **Progress** measures staff perceptions about current organisational performance and optimism about the future.

## drivers

To identify how to increase engagement, wellbeing and progress, the Voice Engagement Survey measures current performance on a range of organisational practices. This assessment helps to identify areas where key changes can be made to drive stronger engagement, wellbeing and progress.

For example, if employees are unclear about the purpose of the organisation, this is likely to affect their emotional attachment to the organisation and their evaluation of its progress.

# interpreting your results

## current performance

The current performance of your organisation is reported using the statistics “% Favourable” (% Fav). The % Fav shows the percentage of people who responded favourably to your survey questions (i.e. by selecting the “Tend to Agree” or “Strongly Agree” option on your survey rating scale).

Traffic light colours are used to indicate whether the percentage favourable is “high” (80% or more people responded favourably), “moderate” (50<80% Fav) or “low” (less than 50% of people responded favourably).

## benchmark comparisons

The current performance of your organisation (% Fav) can be compared to your previous survey results (if appropriate) and to the average performance of an industry benchmark. Both of these comparisons use the statistic “% Difference” (% Diff).

Traffic light colours are used to show your performance compared to the benchmark. The % Diff can be “high” (10 percentage points or more higher than the comparison), “moderate” (less than 10 percentage points difference) or “low” (10 percentage points or more below the comparison). For example, if your “Benchmark % Diff” is +12%, this means that your results are 12 percentage points higher than the industry average and would be coloured green. Be careful interpreting the significance of small differences with lower response rates.

Note that for category scores, the % Diff is the average of the % Diffs across all benchmarkable questions in that category (tailored questions may not be benchmarkable).

**The industry benchmark for this report is:**

**Education - Australian & New Zealand Universities**

**The secondary industry benchmark is:**

**All Industries**

**current performance  
(% Fav)**

**high  
>= 80%**

**moderate  
50 < 80%**

**low  
< 50%**

**benchmark comparisons  
(% Diff)**

**high  
>= +10%**

**moderate  
±10%**

**low  
≤ -10%**

# interpreting your results

## interpreting detailed results

### excluded responses (% N/A):

For each category and question, the percentage of respondents who chose not to respond to the question (i.e. answered “Not Applicable/Don’t Know” on the survey rating scale) is shown in the column labelled “% N/A”. Analyses on all questions and categories did not include these responses.

### distribution of responses:

The distribution of responses for each question and category is represented graphically (i.e. what proportion of respondents indicated responses of “Strongly Disagree”, “Tend to Disagree”, “Mixed Feelings/Neutral”, “Tend to Agree”, or “Strongly Agree” on any question or category).

## definitions

The following definitions were referenced throughout the survey:

- **“Senior Executive Leaders”** = The group of 6 most senior leaders of ACU consisting of: Vice-Chancellor & President, Provost, Chief Operating Officer, Deputy Vice-Chancellor (Research & Enterprise), Deputy Vice-Chancellor (Ethics), and Vice President.
- **“Executive Leader”** = The group of Pro Vice-Chancellors, Executive Deans, Directorate Directors, Research Institute Directors, National Heads of School, Deputy Provost and Chair, Academic Board who make decisions for the University.
- **“Supervisor”** = The person you report directly to.
- **“Customer”** = Student applicants, enrolled students, graduates, and/or ACU staff.

# high level results

# passion

- Passion represents the level of job satisfaction and staff commitment to your organisation. Your survey data shows that engagement for your organisation is moderate, with 74% of survey respondents indicating they are engaged.
- Your engagement results are 1% higher than your previous survey.
- Compared to the Education - Australian & New Zealand Universities benchmark, your results are 2% lower than is typical at other similar organisations.

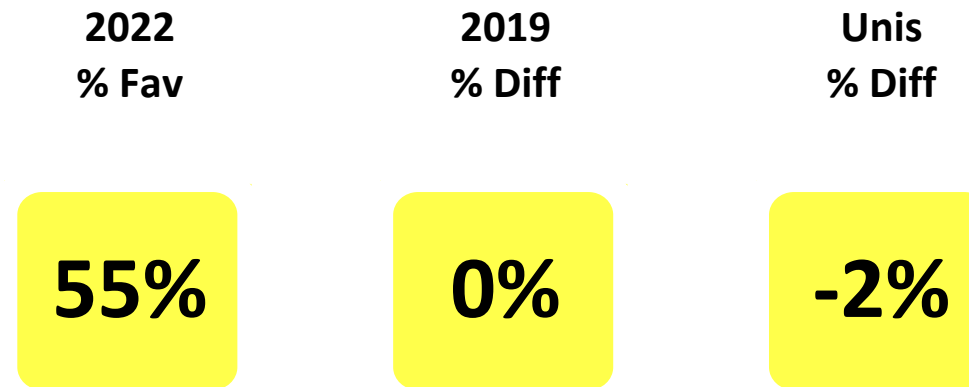

# wellness

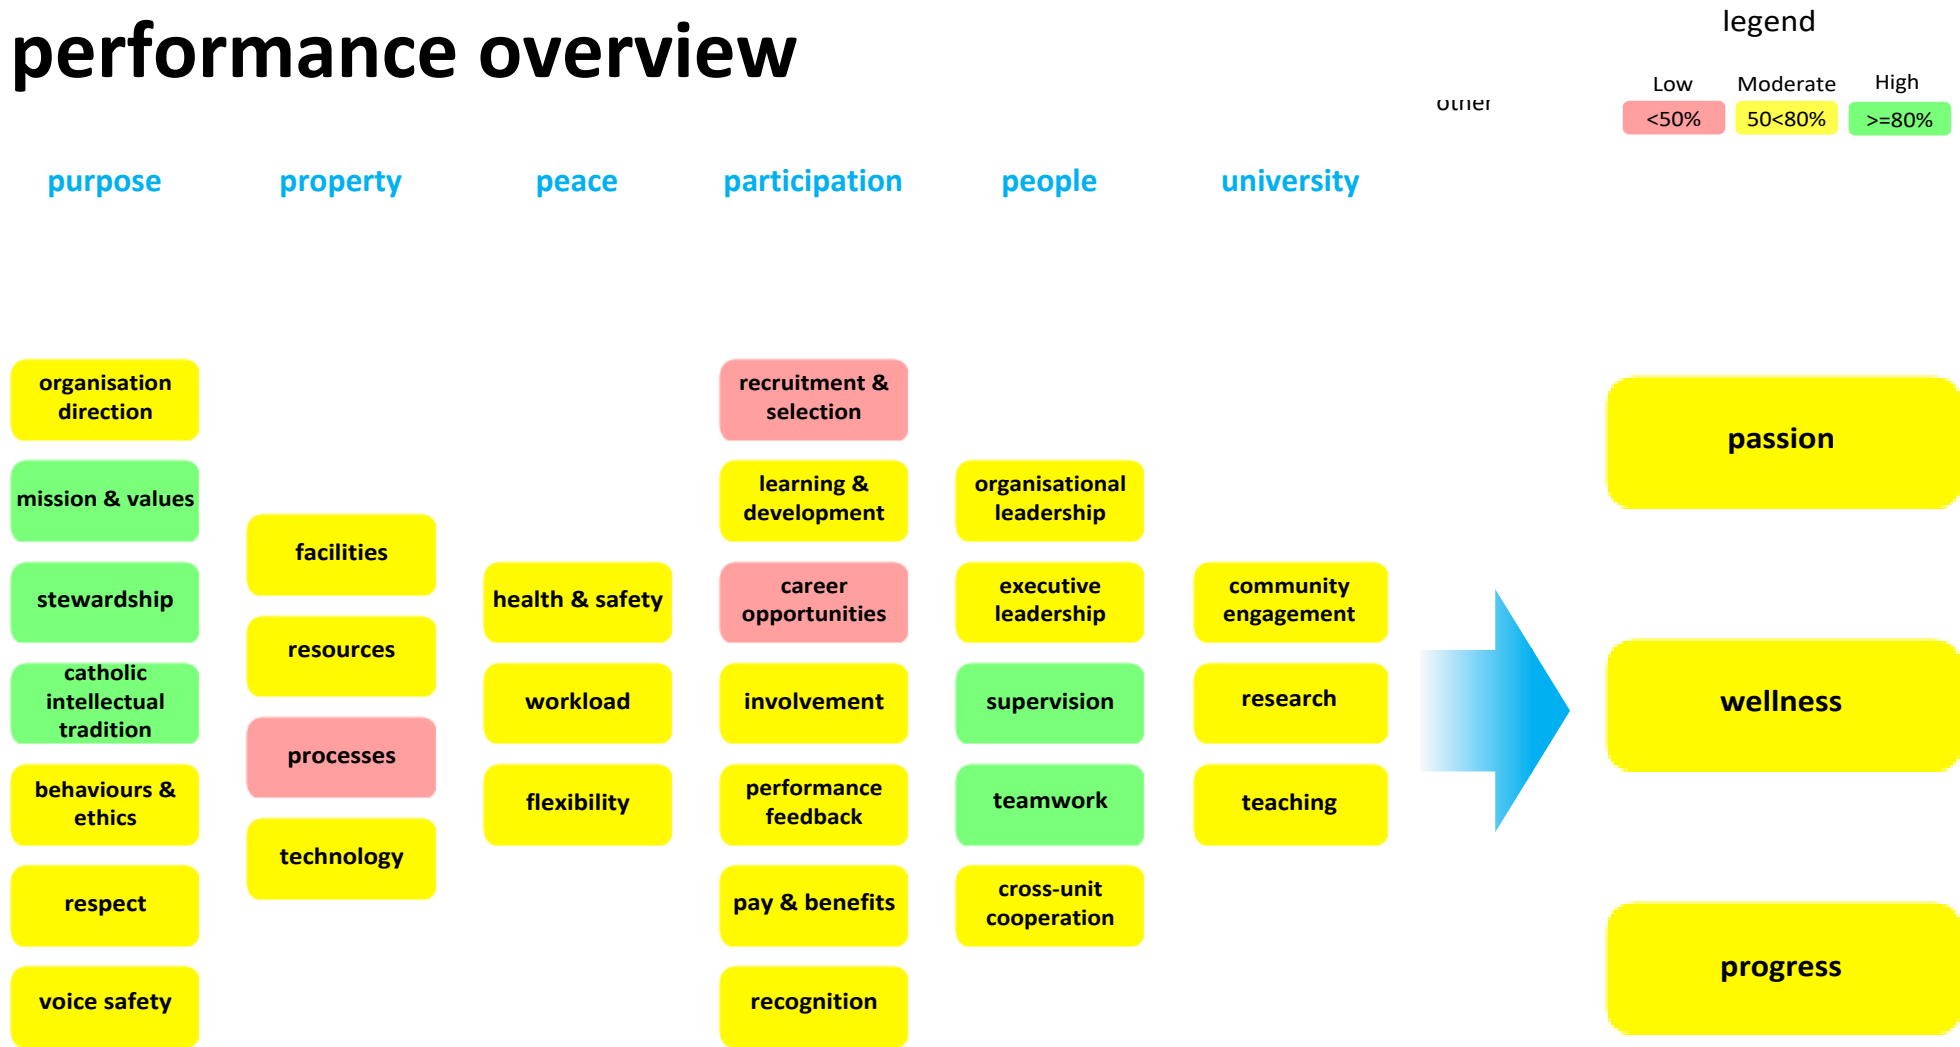

- Progress reflects staff perceptions about organisational performance. Your survey data shows that wellness for your organisation is moderate, with 63% of survey respondents indicating they are satisfied with wellness.
- Your progress results are 3% lower than your previous survey.
- Compared to the Education - Australian & New Zealand Universities benchmark, your results are 3% higher than is typical at other similar organisations.

# progress

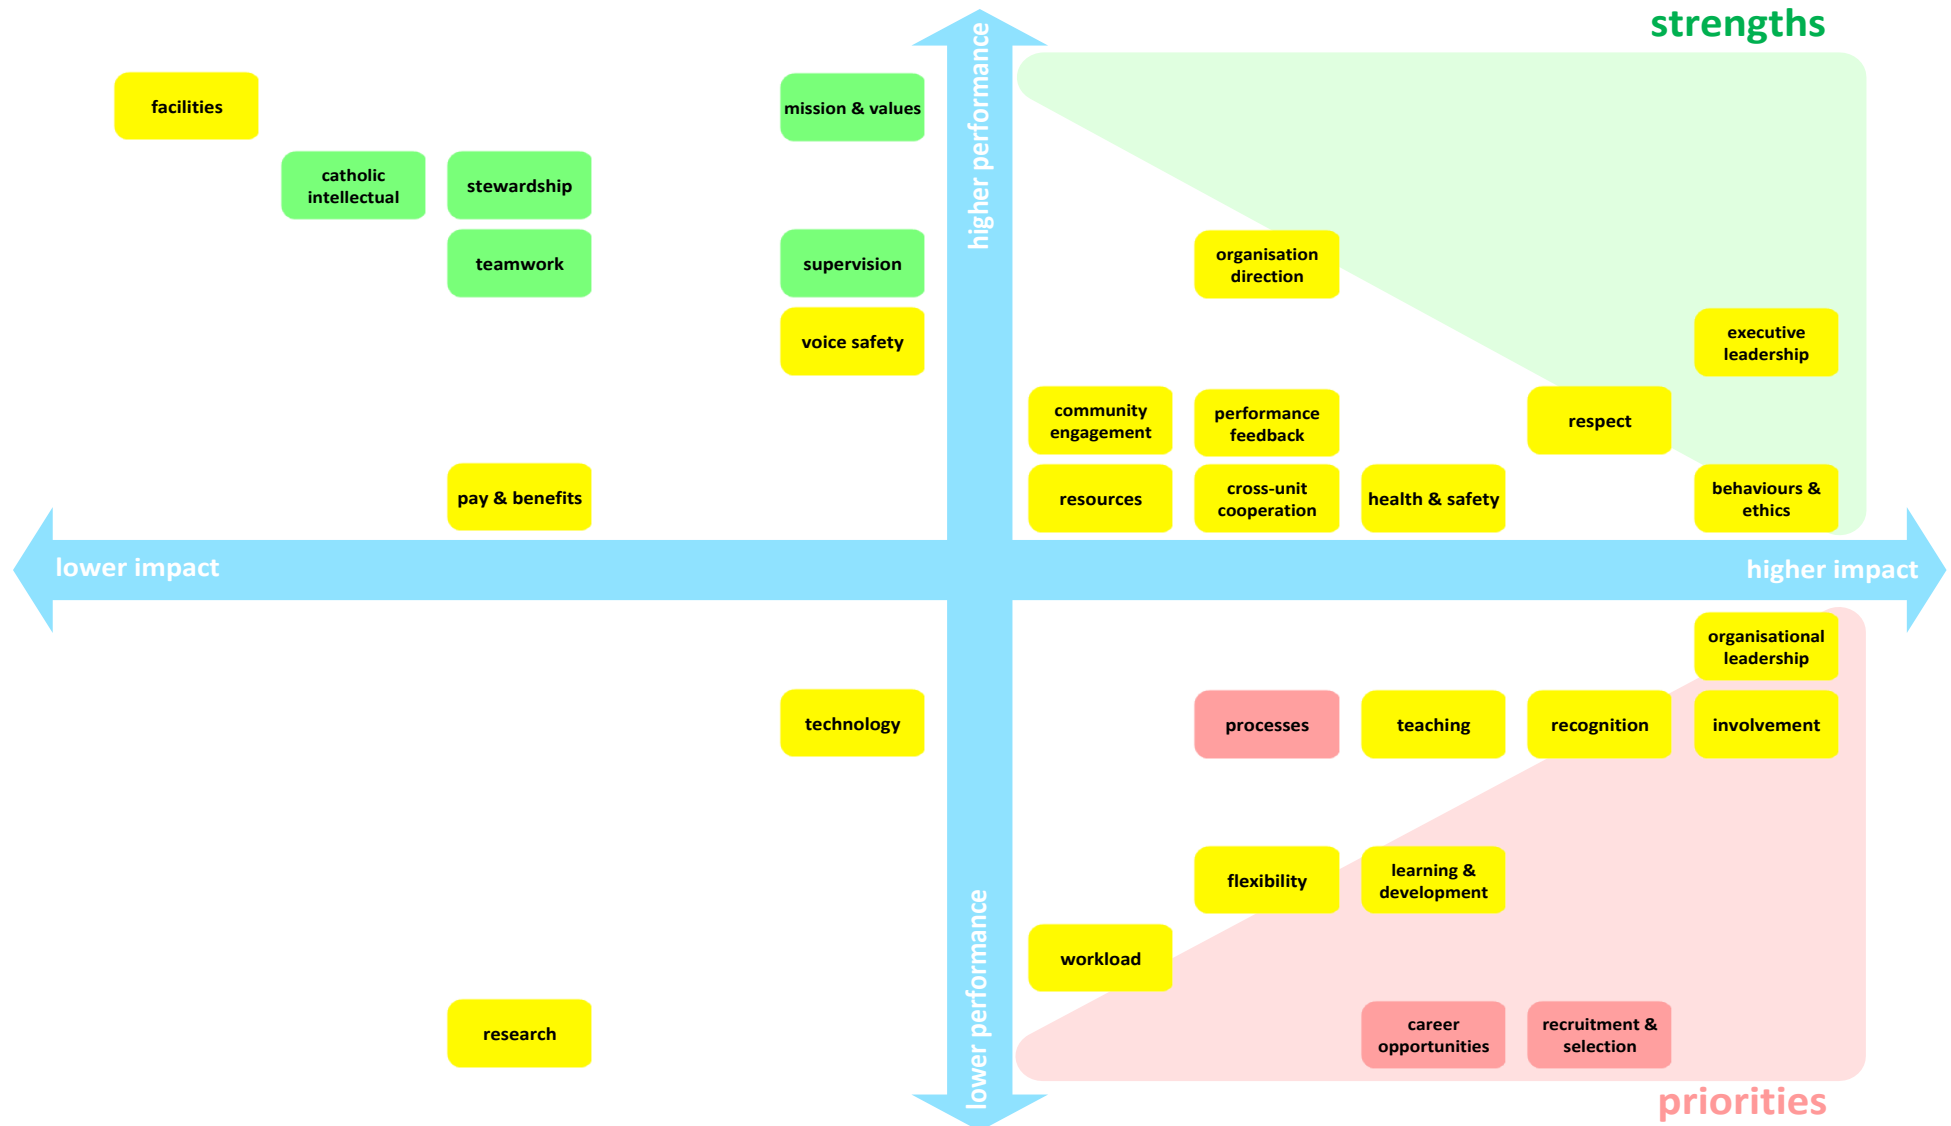

- Progress reflects staff perceptions about organisational performance. Your survey data shows that progress for your organisation is moderate, with 55% of survey respondents indicating they are satisfied with the organisation's progress and success in delivering outcomes.
- Your progress results are on par with your previous survey.
- Compared to the Education - Australian & New Zealand Universities benchmark, your results are 2% lower than is typical at other similar organisations.

# performance overview

# priority matrix

Based on analyses of the data from this survey, the practices are positioned on the matrix below in terms of performance (combining % favourable and the comparison to benchmark) and impact (the degree that each practice is likely to drive engagement, wellbeing and progress). The potential priorities for improvement are in the bottom right (ie relatively low performance and high impact).

# priorities

		2022 % Fav	2019 % Diff	Unis % Diff
<b>Teaching</b>	I am given enough support to evaluate my teaching effectively	50%	-8%	-5%
<b>Career Opportunities</b>	There are enough opportunities for my career to progress here	37%	+1%	-2%
<b>Involvement</b>	I am empowered to make decisions needed to do my role well	64%	+2%	-5%
<b>Career Opportunities</b>	Enough time and effort is spent on career planning	34%	-1%	0%
<b>Recruitment &amp; Selection</b>	ACU is good at attracting people to apply for jobs here	45%	-9%	-5%

The table above expands on the priority matrix at a question level, identifying the questions where performance was rated lowest in comparison to the relative importance of the issue. Key improvement areas, or areas of high impact in which staff perceive performance could improve, have been identified. We recommend that you consider other sources of information such as open-text comments alongside this information when determining the areas you will action.
